Oregon Military Department

For the Oregon Military Department (OMD), the Subcommittee approved a technical adjustment of \$269,505 General Fund to shift information technology costs between programs, from the Office of Emergency Management (OEM) to administration. These costs have been budgeted within OEM but need to stay with the Department when OEM becomes an independent agency on July 1, 2022. Additionally, a fund split adjustment was approved for some accounting positions within the Department. Previously these positions had been supported 100% by federal funds but will be split 53% General Fund and 47% Other Funds.

The Subcommittee also approved the repurposing of \$2.7 million of one-time General Fund from SB 5535 (2021) that was received as the anticipated state's share of FEMA-reimbursable cost for urban search and rescue teams deployed during the Labor Day wildfires in 2020. The state share funding is no longer needed as those fires were declared a major disaster, allowing for 100% FEMA reimbursement. The Department will now utilize those funds to complete a 2020 Wildfire After-Action Report, update the State Disaster Recovery Plan, enhance Diversity, Equity, and Inclusion efforts, and acquire a grants management software system. This grant management system will be funded with \$500,000 of the one-time General Fund and \$545,000 of available federal funds, for a total estimated cost of \$1,045,000. OMD estimates the ongoing licensing and maintenance costs to be \$140,000 per year which can be financed within existing resources.

An additional approved use of the one-time General Fund is for potential costs associated with moving the Office of Emergency Management -- to become the Oregon Department of Emergency Management (ODEM) on July 1, 2022 -- to a new location outside of the Anderson Readiness Center where space is insufficient. The new location being considered was previously leased by the Department of Transportation and includes space across two floors for staff offices and the state's Emergency Coordination Center, as well as secure parking onsite. The Department is working with Department of Administrative Services Enterprise Asset Management on the potential transition. If the site is approved, costs are
